

Transcription Assignment 2

Assignment: Transcribe the two minutes of your segment to Level 2. Hand in the presentation version to me, on paper, on **Monday April 18**, at the start of class.

Notes:

- You are welcome to use any audio software that you like.
- However, I suggest you use ELAN since (a) you know it, (b) it's good practice, and (c) your final assignment will require an ELAN file.
- If you use ELAN, you must then export it (to "Interlinear Text") and then, in a text editor, clean it up so that it looks correct for presentation. Do not give me the raw export.
